

CAGE SYSTEMS

HDPE fish cages

Circular HDPE cage collars built around THOR brackets, supplied as components or as complete systems with nets and mooring. Diameter, ring layout and pipe class are set for the site and the way the farm works.

CAGE SYSTEMS

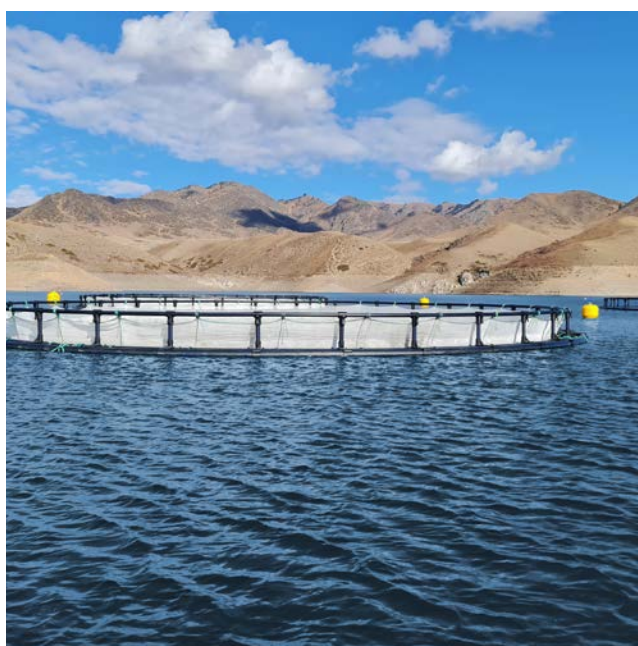

What a cage system includes

A cage is specified as a whole: collar, net and mooring are sized together for the site conditions and the operation.

Collar	HDPE flotation rings, handrail and THOR brackets
Net	Net pen and bird net to the project specification
Mooring	Grid mooring with buoys, chain, rope and anchors
Sizing	Calculated for each project from site data and the operating plan
Supply	Components, complete systems or on-site assembly

BRACKET SELECTION

MODEL	MAIN PIPE	RINGS
THOR 2 × 250	Ø250 mm	2
THOR 2 × 315	Ø315 mm	2
THOR 3 × 315	Ø315 mm	3
THOR 2 × 400	Ø400 mm	2
THOR 2 × 450	Ø450 mm	2
THOR 2 × 500	Ø500 mm	2

Cage diameter and component classes are confirmed in the project's technical calculation.
